

HOUSE AT DRAGONFLY WOODS MARTHA'S VINEYARD

House Facts

This unique four-bedroom house has a lovely landscaped yard with a brook and koi pond. It is located on a wooded 1.6-acre site near the lagoon and Hines Point. The property is a short ¾ miles from the ferry, shops on Main Street and the historic Mansion Hotel, gym, and day spa. It is perfect for several couples or a family.

The house offers a private master suite with vaulted ceilings, lots of light, a fireplace as well a TV and DVD player. Two large guest rooms, also with vaulted ceilings, share a bath upstairs. The downstairs guest room has separate full bath. The cozy den has an entertainment center for watching videos, cable TV, or listening to music.

While sitting on the front porch this house is classic New England. The back patio is reminiscent of a villa in Tuscany. The two story great room with fireplace is the perfect room for entertaining. It is done in a warm Moroccan style and has a full wall of glass that looks out to the grounds.
